Terms of Reference – Independent Review of Health Services for children, young people and families within the NSW Health system – May 2019

Thank you for the opportunity to comment on the draft Terms of Reference for the Independent Review of Health Services for children, young people and families within the NSW Health system – May 2019.

AMA (NSW) welcomes this review, which will provide the NSW Government with an important opportunity to ensure the state's strategic health plan is delivering high-quality, effective and safe care for NSW children, young people and families.

We support the draft Terms of Reference; however, we suggest that in addition to care provided in hospital settings, the review and strategic plan should more clearly define linkages with Primary Health Networks, general practices, primary care services and the community.

We look forward to providing a more in-depth submission once the Terms of Reference are finalised and the review is underway.

Yours sincerely,
