

**WORKERS COMPENSATION (SURGEON AND
ORTHOPAEDIC SURGEON FEES) ORDER 2022**

under the

Workers Compensation Act 1987

I, Adam Dent, Chief Executive, State Insurance Regulatory Authority, make the following Order pursuant to section 61(2) of the *Workers Compensation Act 1987*.

Dated this 6 day of December 2021

Adam Dent
Chief Executive
State Insurance Regulatory Authority

Explanatory Note

From 1 July 2022, this Order replaces the *Workers Compensation (Surgeon Fees) Order 2021 No.2* and the *Workers Compensation (Orthopaedic Surgeon Fees) Order 2021 No.2*.

Treatment by a Medical Practitioner who is a Surgeon or Orthopaedic Surgeon is medical or related treatment covered under the *Workers Compensation Act 1987*. This Order sets the maximum fees for which an employer is liable under the Act for treatment by a Surgeon or Orthopaedic Surgeon provided to a NSW worker. It must not exceed the maximum fee for the treatment or service as specified in this Order. Workers are not liable for the cost of any medical or related treatment covered by this Order. The effect of this Order is to prevent a Surgeon or Orthopaedic Surgeon from recovering from the worker or employer any extra charge for treatments covered by this Order.

Under section 60(2A)(a) of the *Workers Compensation Act 1987*, medical or related treatment requires prior insurer approval unless treatment is provided within 48 hours of the injury happening or treatment is exempt from pre-approval under the *Workers Compensation Act 1987* or the State Insurance Regulatory Authority's *Workers Compensation Guidelines* in effect at the time.

Surgeons and Orthopaedic Surgeons should also refer to the *Workers Compensation (Medical Practitioner Fees) Order*.

This Order adopts the items listed as Surgical Procedures in the *List of Medical Services and Fees* issued by the Australian Medical Association (AMA), except where otherwise specified in this Order.

To bill an AMA item number a Surgeon or Orthopaedic Surgeon must have fulfilled the service requirements as specified in the item descriptor.

Where only one service is rendered, only one item should be billed. Where more than one service is rendered on one occasion of service, the appropriate item for each discrete service may be billed, provided that each item fully meets the item descriptor. Where an operation comprises a combination of procedures, which are commonly performed together, and for which there is an

AMA item that specifically describes the combination of procedures, then only that item should be billed. Where a comprehensive item number is used, separate items must not be claimed for any of the individual items included in the comprehensive service. The invoice should cover the total episode of treatment.

Medical Practitioners cannot bill for any item referred to in this Order in excess of the maximum fee. Recovery may be sought for fees charged in excess of the maximum amount.

Workers Compensation (Surgeon and Orthopaedic Surgeon Fees) Order 2022

1. Name of Order

This Order is the *Workers Compensation (Surgeon and Orthopaedic Surgeon Fees) Order 2022*.

2. Commencement

This Order commences on 1 July 2022.

3. Definitions

In this Order (including Schedules A, B, C and D):

the Act means the *Workers Compensation Act 1987*.

the Authority means the State Insurance Regulatory Authority as constituted under section 17 of the *State Insurance and Care Governance Act 2015*.

Aftercare visits are covered by the surgical procedure fee during the first six weeks following the date of surgery or until wound healing has occurred. Unrelated visits or incidental reasons for visits that are not regarded as routine aftercare must be explained with accounts rendered.

AMA List means the document entitled *List of Medical Services and Fees* as amended or replaced, from time to time published by the Australian Medical Association, that is the current edition on the AMA website at the date of service delivery.

Assistance at Operation means assistance provided by a Medical Practitioner, but only where an assistant's fee is allowed for in the Commonwealth Medical Benefits Schedule (MBS). An assistant fee may only be applicable for surgical procedures EA015 to MZ871. Assistance at Operation fees are to be billed by the Medical Practitioner who provides the assistance (not the Surgeon), using the AMA item code MZ900.

Assistance at Operation is only payable once per eligible item number performed by the principal Surgeon/Medical Practitioner irrespective of the number of Medical Practitioners providing Assistance at Operation.

Note: Assistance at Operation fees are not payable to health practitioners who are not a Medical Practitioner e.g. perioperative nurses.

In accordance with NSW Health policy directive *Employment Arrangements for Medical Officers in the NSW Public Health Service (Doc No: PD2019_027)*, Assistance at Operation fees cannot be charged for workers compensation cases performed in a public hospital when the assistant is a resident medical officer or registrar. If a resident medical officer or registrar is on rotation to an accredited private hospital, the relevant Assistance at Operation fee may be charged. Payment of these fees are to be directed into a hospital or departmental

trust fund account and the invoice should include details of this account. The Authority reserves the right to conduct an audit of Assistance at Operation fee payments to ensure their proper distribution into the named trust fund.

GST means the Goods and Services Tax payable under the GST Law.

GST Law has the same meaning as in the *A New Tax System (Goods and Services Tax) Act 1999* of the Commonwealth.

Initial consultation and report covers the first consultation, the report to the referring Medical Practitioner and the copy of the report to the insurer.

The report will contain:

- the worker's diagnosis and present condition
- an outline of the mechanism of injury
- the worker's capacity for work
- the need for treatment or additional rehabilitation; and
- medical co-morbidities that are likely to impact on the management of the worker's condition (in accordance with privacy considerations).

The receipt of this report and any certificates of capacity under section 44B of the Act post-treatment will provide sufficient information for insurers, employers and workplace rehabilitation providers to develop recovery at/return to work plans.

Insurer means the employer's workers compensation insurer.

Medical Practitioner means a person registered in the medical profession under the *Health Practitioner Regulation National Law (NSW) No 86a*, or equivalent in their jurisdiction with the Australian Health Practitioner Regulation Agency. In accordance with section 60(2A)(d) of the Act, the employer will not be liable for the treatment provided if the treatment or service is provided by a Medical Practitioner who is suspended or disqualified from practice under any relevant law or the Medical Practitioner's registration is limited or subject to any condition imposed as a result of a disciplinary process.

Multiple operations or injuries refers to situations that require two or more operations or for the treatment of two or more injuries carried out at the same time. The maximum fee payable for multiple operations or injuries is as per Multiple Operations Rule in the AMA List. It applies to the AMA items EA015 to MZ871, with the exception of items specifically listed as a multiple procedure item in the AMA List, or where Schedules in this Order prevent combining of items.

Opinion on file request includes retrieval of a file from whatever source, reading time, and reporting where a request for such an opinion has been made in writing to the Surgeon or Orthopaedic Surgeon and in accordance with privacy principles.

Orthopaedic Surgeon means a Medical Practitioner who is recognised by the Medical Board of Australia or by Medicare Australia as a Specialist in orthopaedic surgery and who is registered with the Australian Health Practitioner Regulation Agency as a Specialist in surgery, in the field of orthopaedic surgery. It includes an Orthopaedic Surgeon who is a staff member at a public hospital providing services at the hospital. In accordance with section 60(2A)(d) of the Act, the employer will not be liable for the treatment provided if the treatment or service is provided by a Medical Practitioner who is suspended or disqualified from practice under any relevant law or the Medical Practitioner's registration is limited or subject to any condition imposed as a result of a disciplinary process.

Radiation User Licence means a radiation user licence granted by the Environment Protection Authority (EPA) under Part 2 of the Radiation Control Act 1990 or a similar licence or approval that authorises the holder to use a specified type of radiation source for a specified purpose within the jurisdiction that the service takes place.

Spinal surgical procedures means items MZ731 (MBS 51011) to MZ871 (MBS 51171) and the associated rules and conditions provided in the Medicare Benefits Schedule apply at the time the service was provided.

Surgical procedures are those listed in the AMA List but do not include the cost of bandages, dressings, plaster of Paris bandages, splints, metallic fixation agents, and prosthetic implants which may be charged in addition to the fee set out in Schedule A, if purchased by the Surgeon or Orthopaedic Surgeon. The fee for surgical procedures includes pre-surgery consultations conducted on the same day of surgery and aftercare visits.

Subsequent consultation and report is each attendance subsequent to the first in a single course of treatment. A subsequent consultation fee is not to be billed if conducted on the same day as surgery or in the normal aftercare that applies following surgery. The cost of these consultations is included in the fee for the surgical procedure.

The subsequent consultation fee includes a subsequent consultation, a report from the subsequent consultation to the referring Medical Practitioner and copy of the report to the insurer. Providing copies of these reports does not attract a fee.

Surgeon means a Medical Practitioner who is currently a Fellow of the Royal Australasian College of Surgeons or who is recognised by Medicare Australia as a Specialist Surgeon and who is registered with the Australian Health Practitioner Regulation Authority as a Specialist in surgery in their chosen field. It includes a Surgeon who is a staff member at a public hospital providing services at that hospital. In accordance with section 60(2A)(d) of the Act, the employer will not be liable for the treatment provided if the treatment or service is provided by a Medical Practitioner who is suspended or disqualified from practice under any relevant law or the Medical Practitioner's registration is limited or subject to any condition imposed as a result of a disciplinary process.

Telehealth means delivery of consultations via video or telephone by a Surgeon or Orthopaedic Surgeon. Consultations would be inclusive of any electronic communication to support the delivery of the consultation service. Surgeons or Orthopaedic Surgeons must consider the appropriateness of this mode of service delivery for each worker on a case-by-case basis and be satisfied worker outcomes are not compromised. Telehealth consultations must be consented to by the worker. Surgeons or Orthopaedic Surgeons are responsible for delivering Telehealth consultations in accordance with the principles of professional conduct and the relevant professional and practice guidelines to ensure that all care is taken to ensure the safety, appropriateness and effectiveness of the service. Telehealth consultations are to be paid in accordance with this Order (noting those items specifically excluded in Clause 7 of the Workers Compensation (Medical Practitioner Fees) Order 2022). Surgeons or Orthopaedic surgeons are to bill for Telehealth consultations using the same AMA Fees List item number normally billed for a face-to-face consultation, with the addition of a 'T' as a suffix to the item number e.g. AC510T (Subsequent consultation and report delivered via telehealth) versus AC510 (Subsequent consultation and report delivered face to face). The fee payable remains the same. No additional fee (e.g. facility fees) can be charged in relation to the consultation.

Workers Compensation (Medical Practitioner Fees) Order means the *Workers Compensation (Medical Practitioner Fees) Order* in force on the date the service is provided.

Workplace Injury Management and Workers Compensation (Medical Examinations and Reports Fees) Order means the *Workplace Injury Management and Workers Compensation (Medical Examinations and Reports Fees) Order* in force on the date the service is provided.

4. Application of Order

This Order applies to treatment provided on or after the commencement date of this Order, whether it relates to an injury received before, on, or after that date.

5. Maximum fees for treatment by a Surgeon or Orthopaedic Surgeon (Schedule A)

The maximum fee amount for which an employer is liable under the Act for treatment of a worker by a Surgeon or Orthopaedic Surgeon, being treatment of a type specified in Column 1 of Schedule A to this Order, is the corresponding amount specified in Column 3 of that Schedule.

A fee charged by a Surgeon or Orthopaedic Surgeon for a patient's treatment (including the management of fractures and other conditions) will be in addition to the fee in Schedule A for the initial consultation and report.

6. Billing items for hand surgery (Schedule B)

Schedule B provides mandatory guidelines for billing items used in hand and wrist surgery only.

Table 2 details items with restricted application for hand surgery and where clinical justification is required that they are reasonably necessary given the circumstances of the case.

7. Billing items for shoulder and elbow surgery (Schedule C)

Schedule C provides mandatory guidelines for billing items used in shoulder and elbow surgery only.

Any item number where the term "flag" is used in the "Clinical Indication" column highlights a potential exception that will require further justification. Should a Surgeon or Orthopaedic Surgeon seek an exception to the mandatory guidelines, the Surgeon or Orthopaedic Surgeon must provide a written explanation to support the request.

8. Billing items for general upper limb surgery (Schedule D)

Schedule D provides mandatory guidelines for billing items used in general upper limb surgery.

Any item number where the term "flag" is used in the "Clinical Indication" column highlights a potential exception that will require further justification. Should a Surgeon or Orthopaedic Surgeon seek an exception to the mandatory guidelines, the Surgeon or Orthopaedic Surgeon must provide a written explanation to support the request.

9. Goods and Services Tax (GST)

An amount fixed by this Order is exclusive of GST. An amount fixed by this Order may be increased by the amount of any GST payable in respect of the service to which the cost relates, and the cost so increased is taken to be the amount fixed by this Order. This clause does not permit a Surgeon or Orthopaedic Surgeon to charge or recover more than the amount of GST payable in respect of the service to which the cost relates.

10. Requirements for invoices

All invoices should be submitted to the insurer within 30 calendar days of the service provided and must comply with the Authority's itemised invoicing requirements for the invoice to be processed. Refer to the Doctors in workers compensation webpage on the SIRA website at www.sira.nsw.gov.au.

All invoices with surgical items must also be accompanied by the following:

- (2) Usage of any of the restricted item numbers (Schedule B, Table 2, Schedule C and Schedule D) must be accompanied by clinical justification in order to process the claim.

Note: A Medical Practitioner who provides Assistance at Operation is to invoice for their services separately to the principal Surgeon, Orthopaedic Surgeon or Medical Practitioner.

11. Surgery requests

For any proposed surgery – a list of proposed applicable AMA item numbers will need to be provided prior to approval being given.

Where questions arise in individual clinical situations, supply of additional information may be required to assist in determinations.

12. No pre-payment of fees

Pre-payment of fees for reports and services is not permitted.

13. Nil payment for cancellation or non- attendance
