

Help us keep your
care **affordable**
and **accessible**

**YOUR
QUALITY
CARE
TAXED**

Dear patient,

Thank you for reading this important information. We have always strived to provide high quality, affordable care to our patients. We value our patients, and we consider it a privilege to provide healthcare to you. If you also value our service, please support us in asking the NSW Government to provide a payroll tax exemption to general practices.

Due to recent changes in the application of payroll tax, general practices potentially face substantial tax bills. As a result, many practices will be forced to close their doors, or pass on costs to their patients by reducing bulk billing and/or increasing fees.

We don't want our patients impacted by this greedy tax grab. Please tell the NSW Government to provide a tax exemption to general practices by filling in a payroll tax postcard. Ask the receptionist for more details.

HELP GPS FIGHT PAYROLL TAX – TAKE A POSTCARD

Do you support affordable, quality care?

Fill in your details on the postcard and tell the NSW Government to exempt general practices from payroll tax.
